(l. to r.)—Freshman, Carol Pernice; Principal, Mr. Jon B. Leder; and Senior, Steven Shama.

Dear Graduates,

The "Bridge" theme you have chosen for your yearbook is naturally a reminder of the newly begun Narrows Bridge that will soon be a striking feature of the city's skyline. It seems to me that there are two important parallels that a thoughtful person may draw between building a bridge and living one's life.

The first is the matter of planning. While everyone assumes that no sane engineer would start to dig before completing the plans on paper, it is all too common to see people living their lives on a hand-to-mouth basis, with vague hopes for plans, dreams for diagnosis, and wishful thinking for guidance. Dreams can be lovely but it is well to be fully aware of the point at which reality begins. Have you a plan for today? For the month? For the year? For life?

Secondly, we should remember that the greatest structure in the world was begun with a shovelful of dirt, and built piece by piece, brick by brick. Go down to the shore and you will see the clamshell scoops bringing up tiny puffs of dirt and dropping these pathetically small loads into barges, bit by bit by bit. No single moment is spectacular, but five years from now you will see the largest suspension bridge in the world.

If you draw up a reasonable plan for your future, and work at it patiently and steadily, how can you fail?

Sincerely yours,
JON B. LEDER
Principal

Administration

Mr. Morton Stone
Acting Administrative Assistant

The "Administration" is the over-all designation given to those capable people who have helped make our span here profitable and constructive to us. To them we look back with gratitude; they have helped us to look forward with confidence and optimism. We have known Miss Hoffman's graciousness; many of us know other facets of Mr. Quigley's personality: his interest, for instance, in dramatics. As for Mr. Stone, he is a "charter member" of our school. His capable services go back to the beginning, 1941.

Miss Elizabeth Hoffman
Administrative Assistant

Mr. James Quigley
Administrative Assistant and Dean of Boys

Miss Helen Brookmann
Dean of Girls

Deans

Our Deans are in the forefront of the effort to keep school "traffic" moving smoothly in every way. Disciplinary functions, it should be stressed, are only a minor part of their responsibilities. Above all, they are friends to every student. They know much and help much; they are warm human beings. Miss Brookmann's credo is, "Live for those who love you, for those whose hearts are true. . . ." Mr. Ptak enjoys golfing as an aid to maintaining his friendly manner. Mr. Goate finds that teaching economics helps to give wide insights into students he helps.

Mr. Edward Goate
Assistant Dean of Boys

Mr. Francis Ptak
Assistant Dean of Boys

Grade Advisers

Bridges and careers . . . both require blueprints and architects.

Mr. Ralph Davino
Grade Adviser

We are fortunate in having Mr. Ralph Davino and Mrs. Ruth Swahn here to smooth the way for us, to point toward worthy and rewarding goals. We have all visited them in the course of our school life, and they have tried to help us find ourselves in recognizing our own interests and abilities. As Mrs. Swahn says, "Finding one's personal interest and planning to make it rewarding is the most important element in a student's life." Mr. Davino has been there to console us when things don't go quite right. He enjoys imparting a touch of humor to his teaching.

Mrs. Ruth Swahn
Grade Adviser

Mrs. Jean Frankle

"Pinch-hitting" for Mrs. Swahn, who retired February 1, 1961, Mrs. Frankle looks forward with happiness to helping Seniors '61 toward that "big day."

Mrs. Mary Catania
College Adviser

Senior Advisers

To engineer the way, to lighten the day, these are feats of magnitude.

Miss Rita Duhig
Social Adviser

Two charming people, Miss Rita Duhig and Mrs. Mary Catania, have brightened our senior year. They have helped make it our best year. Mrs. Catania, as College Adviser, has waded through miles of college applications with us; she has given us the special information that can literally make a world of difference for us. Miss Duhig, our Social Adviser, has planned the happy moments of senior socials. She feels that our class shows much talent. This versatile lady enjoys traveling very much. She also enjoys: dancing, golf, the theater and civic affairs.

Mr. Robert Rubin
Employment Adviser

Mr. Jerome Carlin

Mr. Carlin, head of the English Department, enjoys sailing and traveling. An avid writer of English textbooks, nine are attributed to his name; he has no doubt that this Senior Class of 1961 will be eminently successful.

"Remember . . . say CHEESE!"

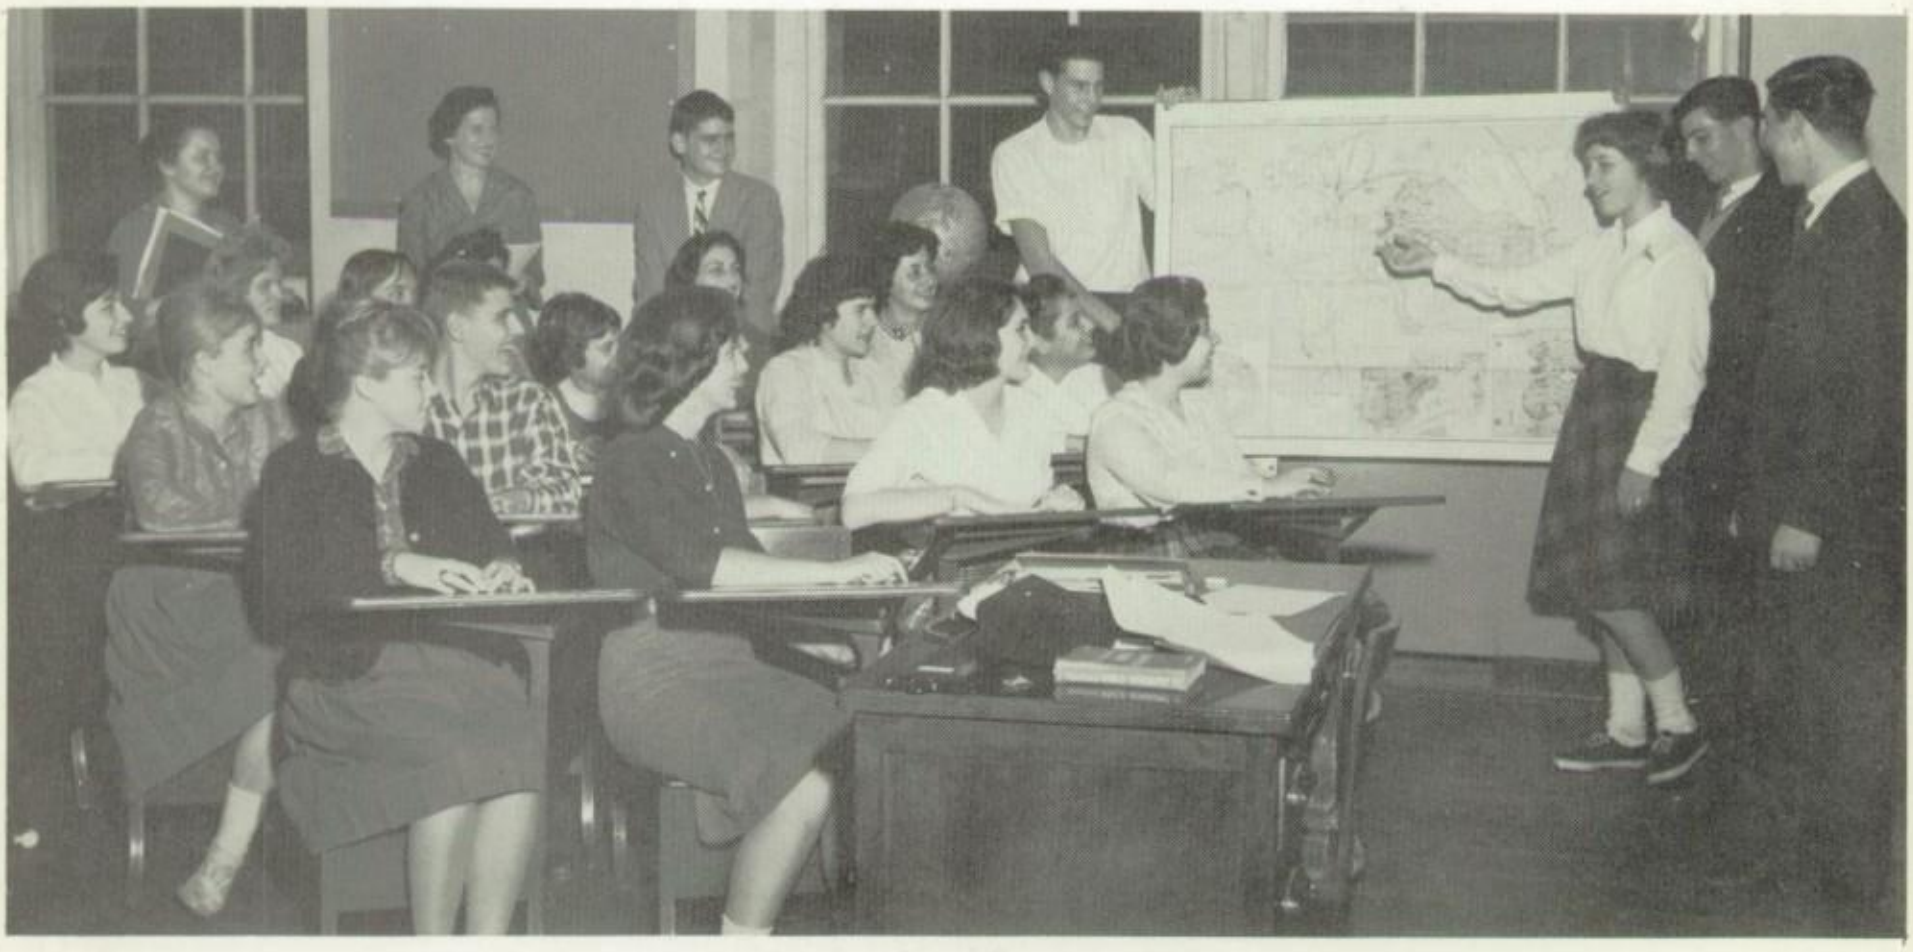
Miss Frances Hennessy

History

Across the bridge of time,
We found seething worlds,
Past and Future.
We met heroes,
fought their battles,
shared their glories,
in a moment.
Ubiquitous,
We saw, too,
Napolean at Waterloo,
Valley Forge,
Hiroshima.
Transported back to Today,
We relate
and understand
Men
Of tomorrow.

Miss Hennessy is a founder of our school and head of the Social Studies Department. She believes that the history department "helps us to see our place in the world." Ranging beyond the academic confines of her subject, she takes a broader view and urges us to correspond with people in different parts of the world: To build a bridge of understanding, in effect, with all our neighbors of this planet.

Around the world in a minute, men!



Minutemen: Row 1 (l. to r.)—E. Nesheim, M. Bruzzese, B. Hartill, J. Parisi. Row 2 (l. to r.)—N. Nesheim, M. Brachfield, N. Raphael, T. Psaltes, S. Kaplan. Row 3 (l. to r.)—L. Hattab, M. Holvig, M. Tunick, D. Stevenson, J. Frydman. Standing (l. to r.)—Mrs. Teitlebaum, Miss Kelly, S. Charney, P. Maccabee, J. Ramsey, F. Masci, D. Briody.

Art

Our thoughts live
in image,
Creations of mind and
mixtures of media,
Represented in
unity, contrast,
repetition,
blending form,
delicate delineation.
Our pictured thoughts cross
Bridges of light,
to vision.

"What is art but life upon a larger scale?"

E. B. BROWNING

Miss Anna Dick

Miss Dick, Head of the Art Department, is a dedicated teacher who was recently awarded the B'nai B'rith Brotherhood Award. She believes the function of her department is to, "teach students to appreciate our artistic heritage and to develop their own abilities in art."

"Color, color everywhere."

Rembrandt Club: Seated (l. to r.)—R. Battani, Pres., J. Melchild, Sec. Standing (l. to r.)—J. Stontely, G. Gundersen, H. Frick, R. Drageland, D. Boden, F. Wakely, L. Legrano, N. Church, L. Lavenstein, I. Stipanovic, P. Kahn, N. Giordano, R. Harwin, R. Sarant, vice pres., D. Tellefsen, Treas., Miss A. Dick, Adviser.

"He who is ignorant of foreign languages knows not his own."

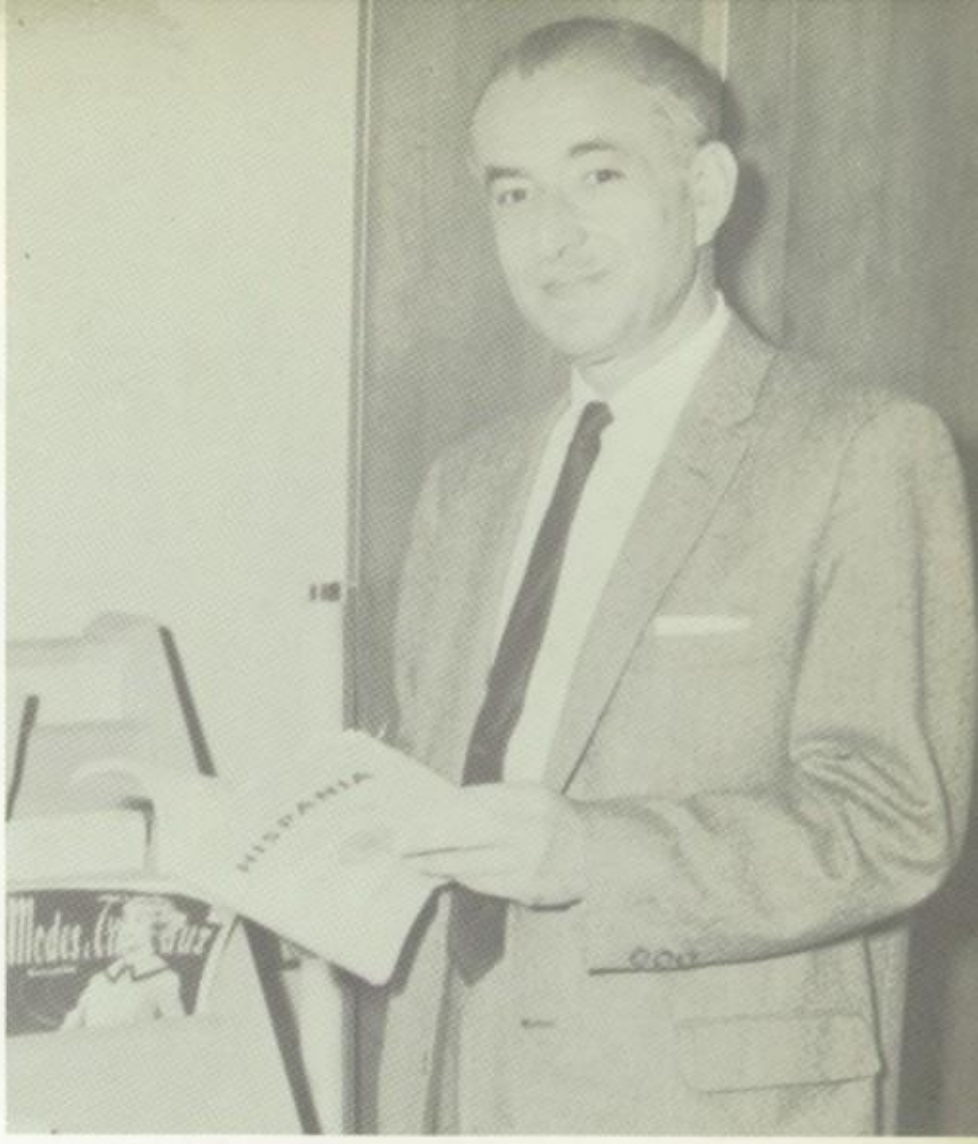
Pan American Club: Seated (l. to r.)—D. Rudolphsen, R. Freitas, E. Tadross, M. Stein, E. Josenhans. Standing (l. to r.)—R. Greenberg, M. Brachfield, Miss Anita Coleman, S. Blader, E. Weber, D. Caldara, M. Ekstrom, T. Psaltes, L. Sileo, P. Maccabee, G. Zain, G. Johnson, M. Lieberman.

Language

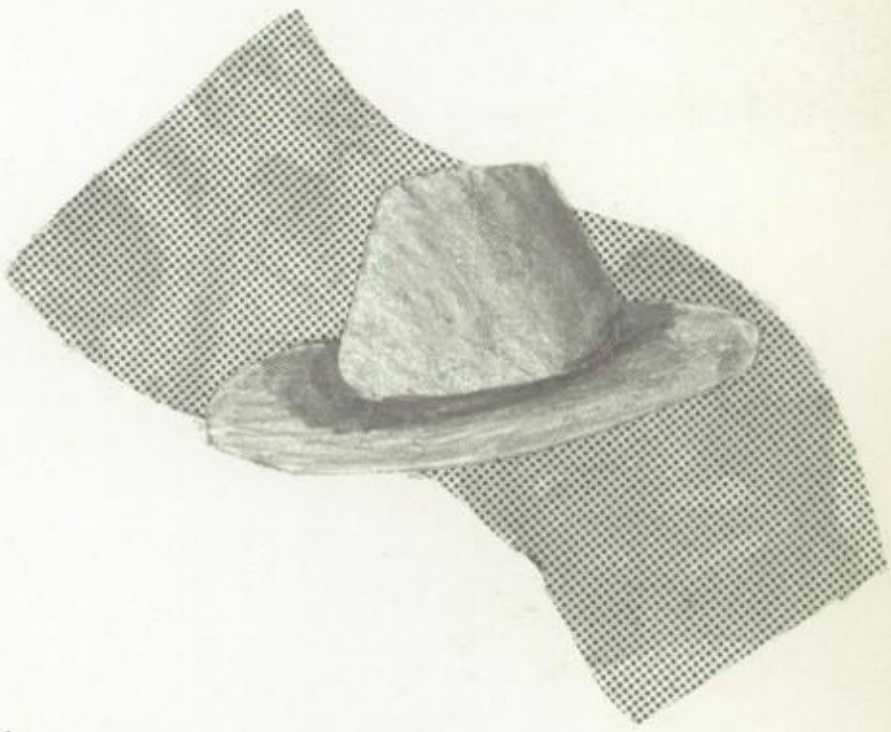
With the shrinkage of the world in distance, the need to communicate intelligently among all peoples increases in direct proportion.- During World War II, for example, we discovered a real lack of ability to reach other people through language. Colleges are now stiffening their language requirements. Even elementary schools are giving language courses. Today, almost every walk of life, almost every job, brings the challenge of dealing with people who speak other languages. We are better prepared for life as we develop our foreign language resources.



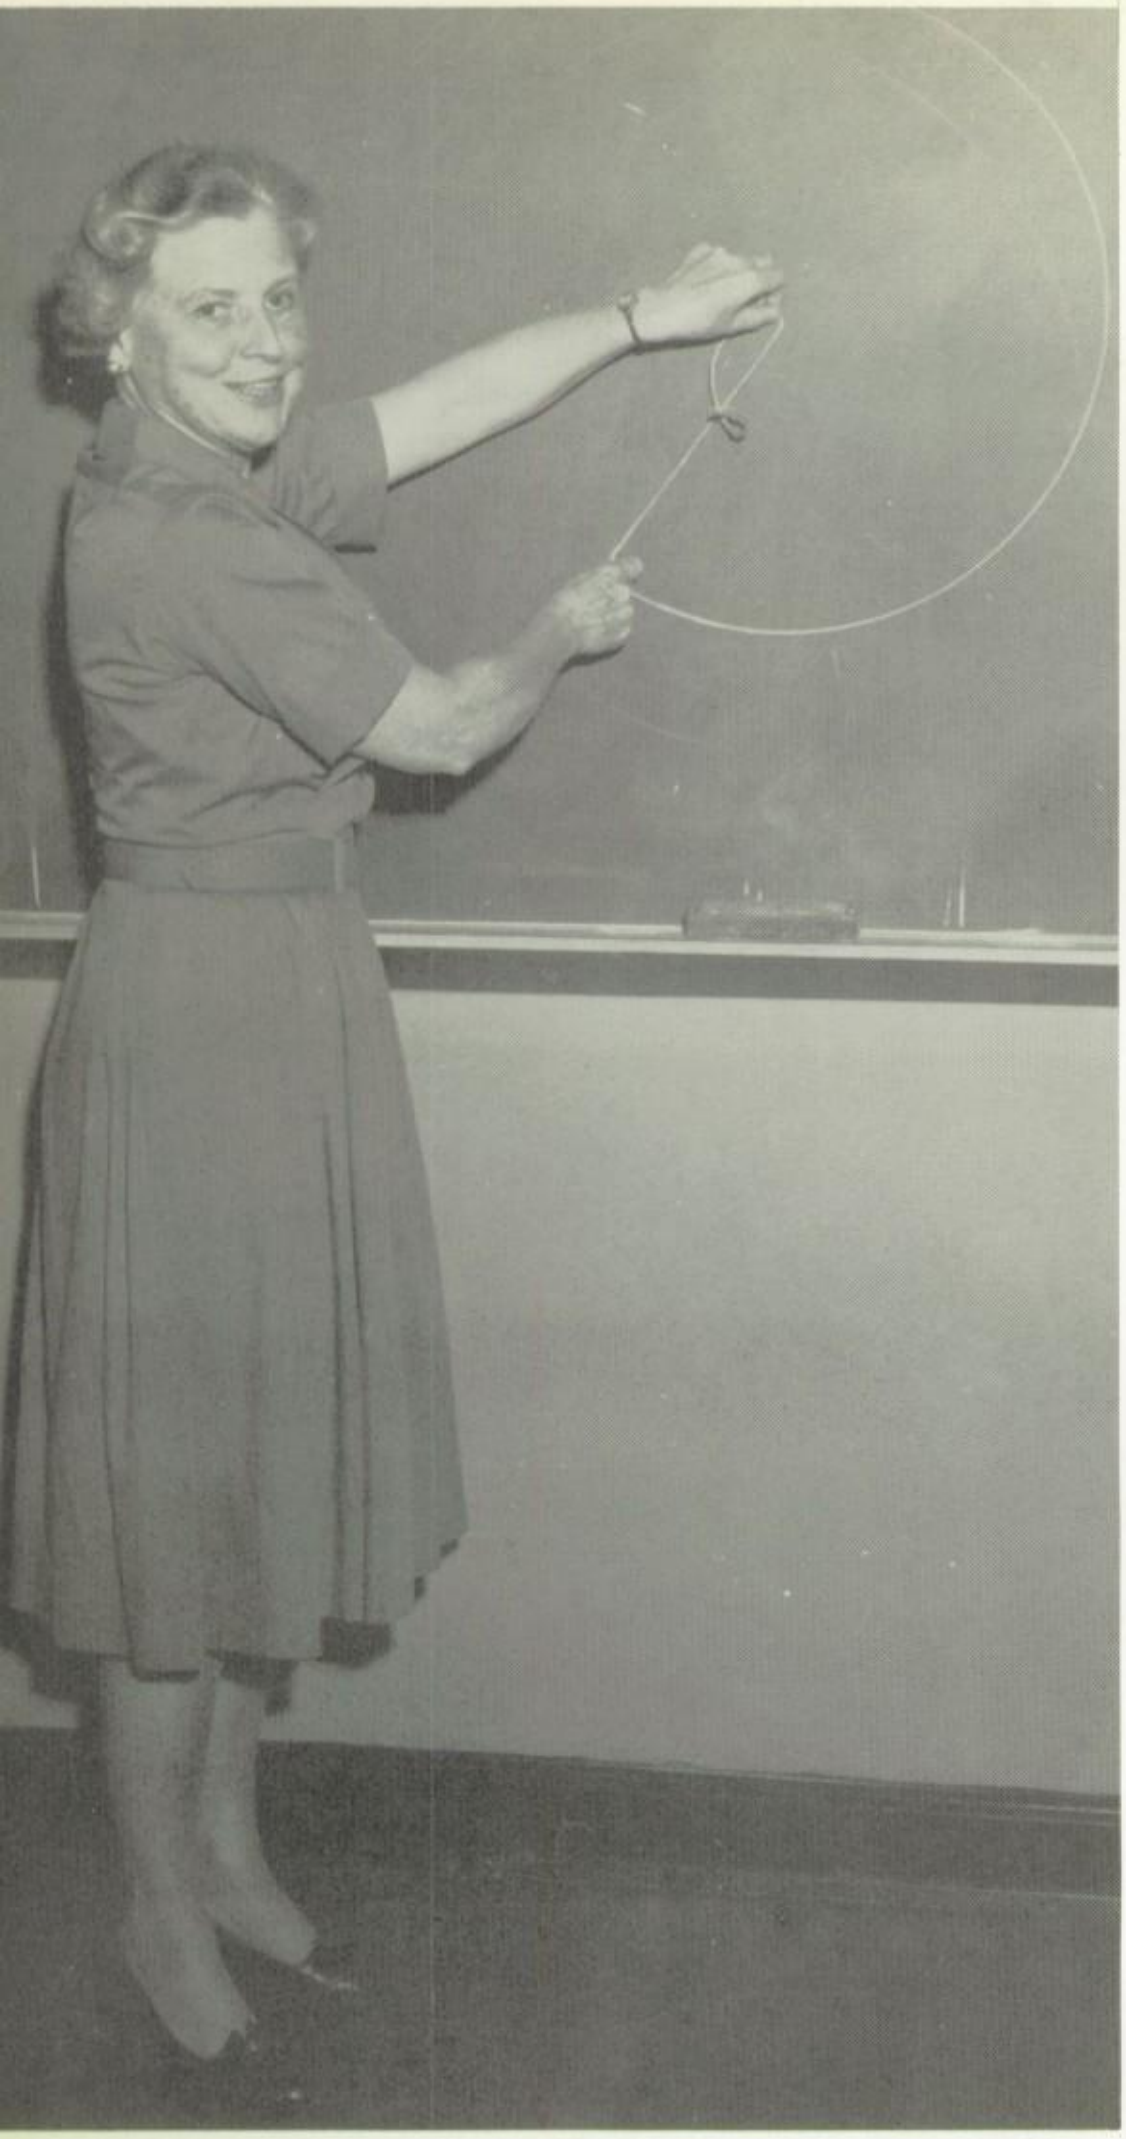
Mr. Max Zeldner

In Memoriam

Mr. Philip E. Abbot, dedicated teacher, perpetual scholar, inspiring French Club Adviser, beloved colleague. He will be mourned and be missed by all who knew him.



We stumbled against
baffling infinitives,
complex tenses,
strange obstacles—
Alien . . . until,
repetition tuned our senses,
slowly.
To accent and rhythm.
We learned
to accept the familiar,
to distinguish,
to recognize.
Our sounds understood,
Gates open
to bridges between countries;
We are invited to cross,
To voice thoughts,
To find beauty,
in
the unfamiliar.



Miss Antonia Higginson

Mathematics

". . .which has so many rare and curious pieces of mathematical motion."

Protractors, how to factor,
X squared, answers shared,
Law of sines, straight lines,
In proportion, line distortion,
L.C.D., symmetry,
X plus Y, simplify,
Wednesday test, do your best.

Algebra, geometry, solid and plane are familiar to all of us who have traveled through the senior year in the academic program. Now, however, our forward-looking mathematics department offers something new: mathematics analysis. The analysis course is voluntary; the vitality and interest of Seniors '61 is evident in the way they have enrolled in this course. Seniors realize, as Miss Higginson stresses, that mathematics is now a part of the whole human endeavor. A sociology major, for instance, must now take several years of mathematics to receive his degree. Fort Hamilton seniors have been alert to the expanding role of mathematics in the world of today.

Accounting

FHHS Bargain Basement

The accounting department has extremely wide and valuable functions to render in our school. Seniors know well how it bridges the gap between untrained Freshman and career-equipped Senior by providing: merchandising and salesmanship, accounting, law, record keeping, and practice in operating the many electronic business machines so necessary in business today. Students in the accounting department have won first place two years in a row now in the national contest sponsored by the Distributive Education Clubs of America.

Mr. John Cummings

Mr. Gerald Heffron

Sound pursues sound
along echoing pathways
of blending beauty.
Cataracts
tumble in rumbling resonance
to bass depths,
Countered by
heights of hushed descant,
While pillars of
supporting rhythm
form a bridge of unity.
Mounting to magnificence,
then,
Shrinking to sudden silence,
Voices
reach across
unseen bridges
to prick the human senses.

To build a bridge of sound

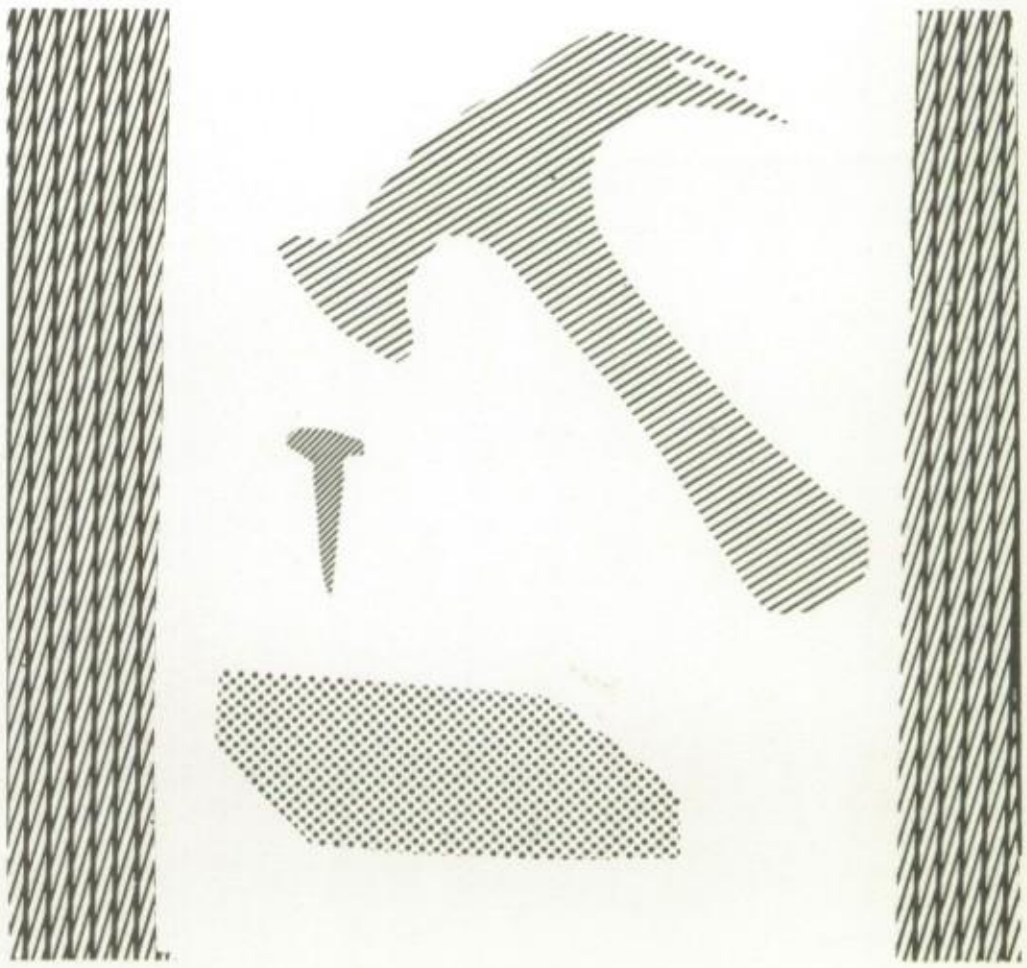
Shop

Smooth, straight, and square

Mr. John Matheson

As head of the shop department, Mr. Matheson feels that the most rewarding thing is a man happy in his work. He feels that the shop is a place that can offer limitless opportunities for cultivation of hobbies and good use of leisure time, and, at the same time, prepare our students for a life career. Mr. Matheson is a golf enthusiast and has led our golf team to many victories over the years.



Library

Mrs. Elizabeth McClenahan

Mrs. McClenahan, head of the library, feels that books have enormous value for the student. She has found that the most popular books in the library here are: THE GOOD EARTH, JANE EYRE, GONE WITH THE WIND, and MEIN KAMPF.

"Literature is my Utopia."

Secretarial Studies

"Light is the task when many share the toil."

HOMER

Mrs. Kahn, chairman of our Secretarial Studies Department, sees the primary role of her department as an effort to teach those skills which will prepare us seniors for successful careers in the world of business.

The TOWER Literary Staff would like to express its profound appreciation to Mrs. Bonom's Business Machines class for its invaluable assistance in typing much of the 1961 TOWER.

Anchor

Our literary magazine, the ANCHOR, is a creative publication that serves to seek out and print the best writing that the students of our school are capable of producing. That writing, plus its outstanding merits as a "showcase of talent," has won for the ANCHOR first place in the Columbia Scholastic Press Association. Miss Helen P. Gerlach and her Editors-in-Chief, Glenn Collins and Margaret Ekstrom, have fashioned, this year, another splendid edition.

In Memoriam

Barbara Skrowronski.

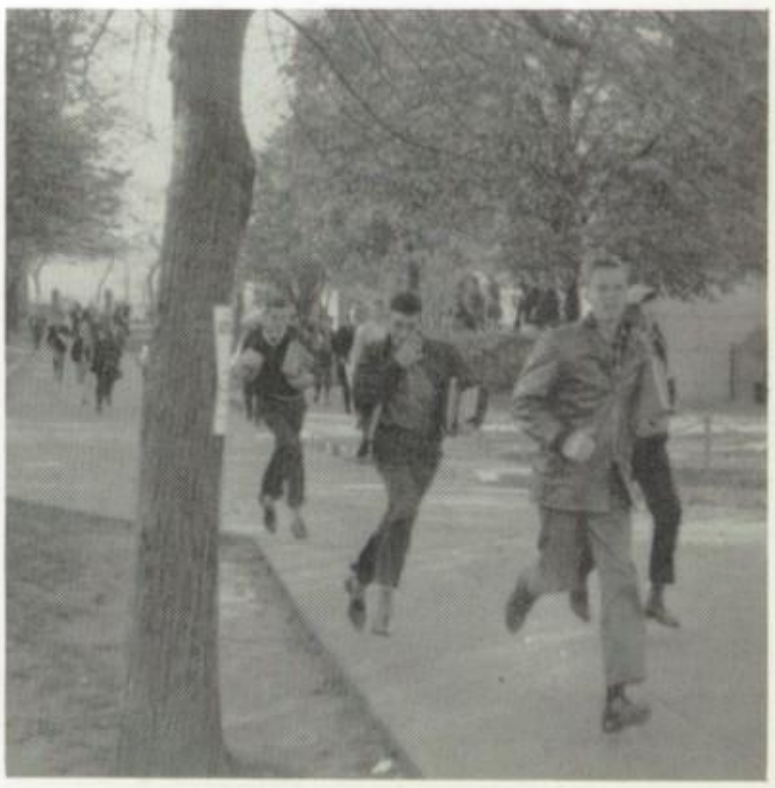
We go to meet far horizons, unafraid

In Retrospect

Traditions are the bridges between one Senior class and the next. In following the precedents set by previous Senior classes, we have found that Senior spirit is not extinguished with the graduating class. It is willed to the class to follow.

Like the Seniors before us, we stood on line for our rings and twisted one another's for good luck. At Halloween we held the Senior Fall Dance. The pinnacle of our Senior Year was the traditional Senior Day. We spent weeks planning our outfits and rehearsing for the Show; our efforts were rewarded when the day was all that a Senior Day should be. We'll remember lunch—there wasn't time to eat—and 750 Seniors in the gym at three o'clock. With Senior Year came traditional events which were sad because they were our last: the Musicale and the Spring Play. Senior Year ended, as all Senior Years end, after the Prom, finals, and graduation, with the final tradition of turning our rings around.

We were also a class that broke convention; we did things that no other class had done before. Our basketball team defeated John Jay by thirty points. We elected Nixon while the rest of the nation elected Kennedy. Our Mixed Chorus members became "professionals" by singing with the Brooklyn Philharmonia, and by getting paid for a spontaneous Christmas caroling project. We were the first class to be snowed out of school and consequently the first class to celebrate George Washington's birthday in school. Our Senior Council was the first to initiate a Senior Street-Scrubbing Project. We were not the first Senior class to plan a



Spring Dance, but we hope to be the first whose plans will succeed. In these new efforts, we have laid foundations for traditions which will bridge the gap between us and future Seniors.

In our Senior Year, we have learned both priceless and useless facts. We know who Eustacia Vye and Martin Arrowsmith were. We know that hydrogen sulfide smells like rotten eggs. Some of us learned some things the hard way: Regents papers must be written in ink; one does not wear green and white to a game with Utrecht; one must not postpone homework in expectation of a long prefect. We learned to distinguish between the combinations of our gym and basement lockers. This knowledge can only be acquired by experience gained while "crossing the bridge."

We remember: an impromptu Senior sleigh-ride on the eve of one of those ten o'clock mornings . . . the agony of College Boards and the tears in 123 after being rejected by three colleges . . . the table at P.M. Prefect — Mr. Ptak's private war with the Seniors . . . the viola that started a measure ahead of the orchestra . . . the freshmen the boys took to the prom instead of us . . . our fads: guiches, Madisons, and purple. These memories are an eternal bridge to bring back the spirit of our Senior Year.

In retrospect, we realize that every Senior and every event has contributed to the success of our Senior Year. We owe special thanks to the teachers who have guided us. Through our experiences as Seniors and through the people we have met, we have grown, "in body, mind, and spirit." We have finally crossed the bridge!

The Red Cross Club:

On Wednesdays the lights burn late into the afternoon as the Junior Red Cross Club members, under the guidance of Miss H. Mattson, work diligently on their projects. These projects reflect many of the facets of the International Red Cross: making wooden toys for those who have none; knitting blankets to warm the less fortunate among us; preparing, especially, for the March Fund Drive. Here we see Seniors at the merciful work of serving God and Country.

Alumni

Rev. Anthony J. Savastano
Graduate: 1947.

Father Savastano, another splendid graduate, reveals that, at one time, he was interested in becoming a high school mathematics teacher. He served here, as a student teacher, under our own Miss Higginson and Mrs. Deerson. While at Fordham University, however, he chose the priesthood.

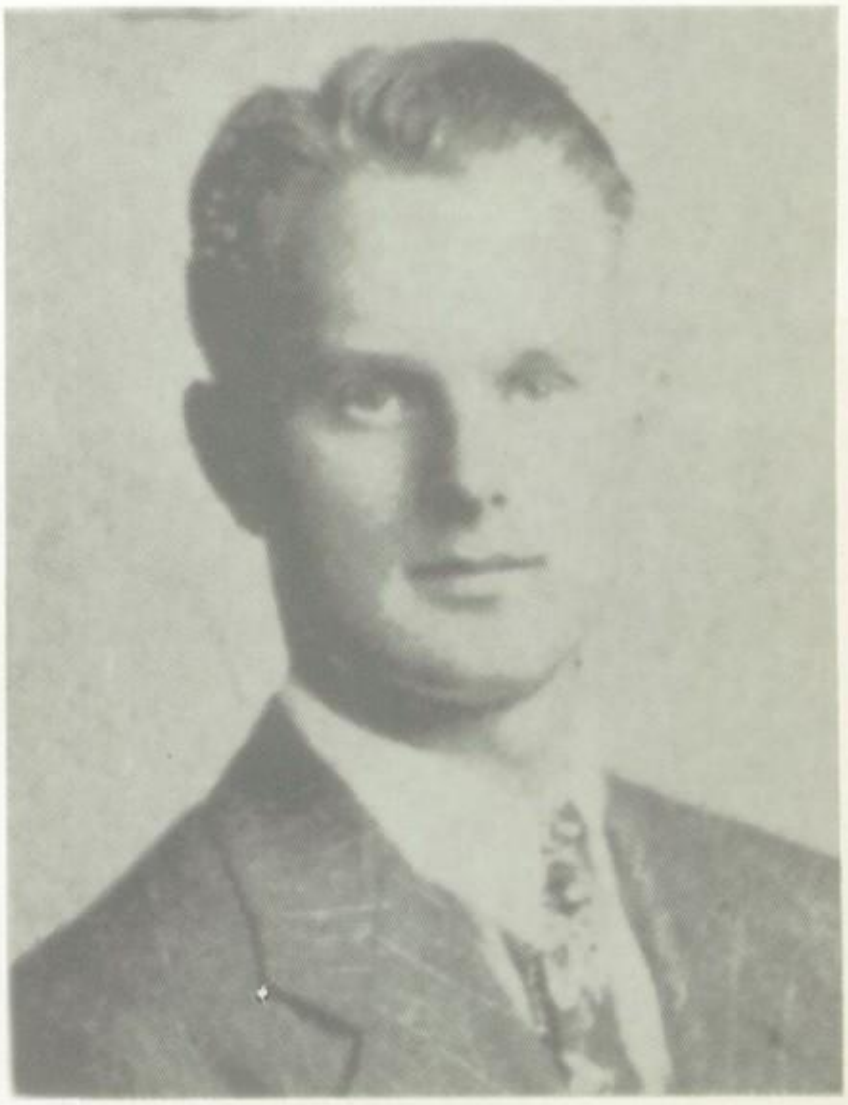
He was ordained a priest on June 2, 1956, celebrating his First Mass in Our Lady of Angels Church here in Bay Ridge. Formerly assigned to the Church of St. Rocco in Glen Cove, he is now at the Church of St. Anthony, Rocky Point, New York. Father Savastano has expressed the gracious wish that we have a successful edition of this 1961 TOWER; we, in turn, wish him every success in his chosen vocation.

Over The Bridge

Mr. Ole Knutsen
Graduate: 1946.

We are proud of this son of Fort Hamilton who saw active service with the United States Navy in 1946, 1950-52. He obtained his degree as an electronics engineer at The Georgia Institute of Technology. He is now with the Southern Bell Telephone and Telegraph Company as supervising engineer.

He has done work on circuit design programs for Cape Canaveral, Florida, and he sends the following message, "I have had an exciting career in engineering and electronics and heartily recommend it as a fine career."



"There is nothing so constant as change."

and Away

Mr. Alfred L. Turino
Graduate: 1945.

Fort Hamilton was a brand-new school when Mr. Turino was graduated into a brilliant career. He studied at the City College of New York, and, after a stint in the United States Air Force, he continued his studies in engineering design. In 1957, he was appointed head of the design section of Sperry Gyroscope at their research center in Sunnyvale, California. He sends "fondest regards" to Mr. and Mrs. Swahn and to Mrs. Nellie Juul.

Lieut. Noel S. Flynn
Graduate: 1955.

Upon graduation from our school, Lieut. Flynn entered the United States Naval Academy at Annapolis, Maryland. On July 27, 1959, he reported to the Naval Aviation Command at Pensacola, Florida. After a period of training in various aircraft, he was designated Naval Aviator, December 22, 1960. Later he was promoted to his present rank of Lieut. (Junior Grade). He is presently stationed at the Naval Air Station, Miramar, San Diego, California. He sends best wishes to our Senior Class, 1961.

Hurry up, the bell rings in three minutes

Are we having a test?

Who Invited You?

When we entered Fort Hamilton High School, we faced a bridge that had to be crossed. It was a challenge for some, an experience for all. As freshmen, we were beginning a period of adjustment, of radical growth and change. New and weightier responsibilities faced us. Independence coupled with purpose became inescapable parts of our new lives. As sophomores and juniors, our worlds expanded; decisions had to be made. We achieved the feeling of individuality that comes with a more mature attitude.

Now, at the end of this particular bridge, we look back over a considerable span of years and realize that we have accomplished something. It may be nothing more than the belief in a new ideal; it may be a completely different outlook on life.

The fact remains that we have succeeded in our latest crossing. Although we should not "cross new bridges until we come to them," we, if we are wise, know that they are inevitable. We approach them well prepared by the span of years we have traversed in Fort Hamilton High School.

To Members of the Class Being Graduated

in 1961 from Ft Hamilton High School:

The Brevoort Savings Bank of Brooklyn takes pride in being allowed to contribute a message which becomes a part of so vibrant an expression of the zests and ambitions of our youthful neighbors as The Tower.

In a world which seems to older generations to be in ferment you present a wave of competence throbbing to go forth to conquer.

The least we can do therefore is to offer our sincere congratulations to each of you upon the accomplishment of the preliminary tasks which were set before you and our felicitations to you in the steps ahead.

This I do in the names of and as proxy for my fellow trustees, officers and the staff of this mutually operated center of community activities.

May you be granted good health and a future bright with promise and happiness.

Sincerely,

Richard Brennan

PARENTS:

have you compared the cost of education loans?

You owe it to yourself to compare loan costs with the cost of the Insured Education Loan Plan of Manufacturers Trust Company.

For example, a four year, $4,000 education loan from Manufacturers Trust costs only $143.84.

A Personal Credit Counselor in any of our banking offices will help you borrow from $300 to $10,000—to finance education at any level—from primary grades to post graduate or business schooling—and for one to four years. You can take up to six years to repay.

Your life is insured at all times for the unpaid balance, thus assuring that the education of your son or daughter will be continued.

Before you borrow, come in and talk it over with one of our Personal Credit Counselors. He'll be glad to arrange an education loan for you. One of our 119 banking offices is very near where you live or work. 75 of them are open Monday evenings 6 to 8 p. m.
